

# Lacey

by **DAVISON  
HIGHLEY**

**BROCHURE 2025**

**Lacey** is a compact armchair and sofa range available in 2 different seat heights. **Lacey's** organic sweeping curves are designed to encircle and support both your back and arms comfortably. Lacey also features a range of timber finishes which can be matched across legs and table tops.

**Lacey** table is an accompanying table for our **Lacey** sofa, armchair and stool ranges, available in coffee and conversation heights. Timber legs match the rest of the **Lacey** range with complementary table top laminate finishes.

## PRODUCT INFORMATION

- Sofa, chair & table range
- Available in 2 seat heights- reception & work
- Suitable for breakout & reception areas.
- Upholstery finishes are available from our fabric bands.
- Turned tapered solid timber legs.
- Accompanying table range.
- Seat and back constructed from engineered layers of CMHR foam.
- This design can be altered as a bespoke option.

### Lacey leg options

Solid timber  
Turned & tapered legs  
Beech, Oak, Dark Oak stained  
or Black stained

### Lacey base & table top options

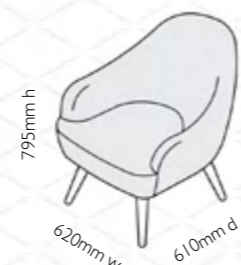

Laminate  
**Table tops**  
White, Black, Oak, Walnut or Dark Oak

# Fabric bands

- Not all standard fabrics, vinyl's and leathers are suitable for all products within our collection. Please contact us to discuss your requirements
- Fabric and leather bands listed are for guidance only. We are happy to consider and offer an opinion on any alternative upholstery fabric or leather which does not appear on the above list in respect of it's suitability, pattern matching, or other features.
- Please contact us directly for pricing and Davison Highley approval when specifying an unlisted fabric or leather.
- We reserve the right to reject a fabric or leather on inspection, if we feel it is unsuitable or will compromise the quality of finish on the furniture. For example; some patterned or unyielding fabrics do not work well with sculptural shapes.
- Davison Highley cannot guarantee that a unlisted fabric or leather will match the upholstery finish achieved when using a fabric or leather from the above list.
- All listed fabrics meet a minimum fire rating standard of BSEN 1021 1&2\* All other fabric and leather specifications are as per manufacturers details. Davison Highley will not upholster with a material which does not meet BSEN 1021 1&2.
- Additional charges may apply when working with some complex fabrics.
- As a natural material, leather will develop character (puddle and crease) over time. Although we will attempt to use the best cuts from a hide, some natural markings may still be visible.
- The maximum hide thickness we are happy to work with is 1.3mm, please speak to us directly if you would like to use a leather which is over this maximum thickness as it may be possible to "Skive" (reduce the thickness) of the leather. Additional charges apply.
- Davison Highley reserves the right to change the list of standard fabrics and leathers without notice.

**\* APPROPRIATE FINISHES**  
It is our clients responsibility to specify upholstery finishes appropriate to the area the furniture occupies and for its intended end use.

Should furniture be intended for higher risk or high traffic areas, for specific purposes and/ or require additional fire-retardancy treatment, please advise us. We can assist in selecting the appropriate upholstery finish.

- The charts to the left should be used in conjunction with the relevant design pages to establish the options available.

- When we make reference to particular timber (natural beech, natural oak, natural walnut) or laminate finishes (white, black, oak, walnut, dark oak), they refer to our standard supplied finishes only.

- We can match to a specific client specified colour, finish or material, but require either a sample or material reference.

- We reserve the right to reject a material or finish, if we feel it is unsuitable or will compromise the quality of finish on the furniture.

## TIMBER FINISHES

Timber is a natural material as such colour and grain variations may occur. All our timber is either left in it's beautiful natural colour or stained before a clear lacquer is applied.
