

# Reed

by **DAVISON  
HIGHLEY**

BROCHURE 2025

**Reed** effortlessly combines a timeless elegance with contemporary design in the form of a curvaceous tub chair.

Inspired by the delicate beauty of the natural landscape, its gracefully sculpted arms are reminiscent of feathery reed flowers perched on slender, resilient stalks—symbolizing **Reed's** sturdy build and exceptional quality, alongside comfort and sleek contours.

Just as reed beds in nature provide crucial habitats for wildlife, clusters of **Reed** chairs cultivate meaningful spaces within the workplace, fostering environments where creativity and collaboration can flourish.

# Achieve bespoke levels of on site integration without the cost implications

Everything we manufacture is to order, as such we can **tailor** our standard collection furniture lets you achieve bespoke levels of on site integration without the cost implications, creating areas which may normally be restricted by budgets if looking at a custom-made solution. Fit furniture between walls or below windows, reduce sizes to fit your floor plan or integrate with on site features.

Tailoring allows you to make up to two modifications;

- Modify the width of the design.
- Modify the height of the design.
- Upholstery in a challenging fabric.
- Alter the leg type, finish or shape.
- Adjust the upholstery detailing.

Designs requiring more than two alterations are uplifted to “Bespoke” products and costed accordingly.

# Fabric bands

- Not all standard fabrics, vinyl's and leathers are suitable for all products within our collection. Please contact us to discuss your requirements
- Fabric and leather bands listed are for guidance only. We are happy to consider and offer an opinion on any alternative upholstery fabric or leather which does not appear on the above list in respect of it's suitability, pattern matching, or other features.
- Please contact us directly for pricing and Davison Highley approval when specifying an unlisted fabric or leather.
- We reserve the right to reject a fabric or leather on inspection, if we feel it is unsuitable or will compromise the quality of finish on the furniture. For example; some patterned or unyielding fabrics do not work well with sculptural shapes.
- Davison Highley cannot guarantee that a unlisted fabric or leather will match the upholstery finish achieved when using a fabric or leather from the above list.
- All listed fabrics meet a minimum fire rating standard of BSEN 1021 1&2\* All other fabric and leather specifications are as per manufacturers details. Davison Highley will not upholster with a material which does not meet BSEN 1021 1&2.
- Additional charges may apply when working with some complex fabrics.
- As a natural material, leather will develop character (puddle and crease) over time. Although we will attempt to use the best cuts from a hide, some natural markings may still be visible.
- The maximum hide thickness we are happy to work with is 1.3mm, please speak to us directly if you would like to use a leather which is over this maximum thickness as it may be possible to "Skive" (reduce the thickness) of the leather. Additional charges apply.
- Davison Highley reserves the right to change the list of standard fabrics and leathers without notice.

**\* APPROPRIATE FINISHES**  
It is our clients responsibility to specify upholstery finishes appropriate to the area the furniture occupies and for its intended end use.

Should furniture be intended for higher risk or high traffic areas, for specific purposes and/ or require additional fire-retardancy treatment, please advise us. We can assist in selecting the appropriate upholstery finish.
